Bronkhorst Customer Product Training

Insatech invites you to customer product training at Bronkhorst in March, June, October and November

www.insatech.com

Program Information

Insatech would like to invite you to the Bronkhorst® Customer Product Training program for customers and end users. This free of charge program will take place 4 times in 2017 at Bronkhorst in Ruurlo, The Netherlands.

The program is scheduled in the following weeks:

- Monday March 20 - Friday March 24 (Week 12)
- Monday June 12 - Friday June 16 (Week 24)
- Monday October 09 - Friday October 13 (Week 41)
- Monday November 20 - Friday November 24 (Week 47)

Program

The Customer Product Training consists of 12 facultative modules, see the table below.

For more details on the different modules, please see the Bronkhorst Customer Training Catalogue.

Modules

The product specific modules all consist of a theoretical and a practical part. The theoretical part is guided by a presentation. The objective of the practical 'hands-on' part is to train the functions and specifications of the instruments, start-up service and more.

You can subscribe for 2 up to 4 modules. A module will take around 3 hours and will be held from 08:45 till 11:45 hrs or 13:15 till 16:15 hrs. The maximum preferable number of participants per module is 3. More modules and participants may be possible on request

Language

All modules can be presented in the English, German and Dutch language, whatever applies best to your situation. Educational materials used during training are in English.

Factory tour

You have the opportunity to engage in a 45 minute tour of the factory. The tour will be organized on training days from 16:15 till 17:00 hrs, just let your Bronkhorst instructor know that you would like to participate.

Certificate of participation

A "Certificate of Participation" will be issued at the end of the training program.
